

# MARCEL

BY LOUISTELLIER

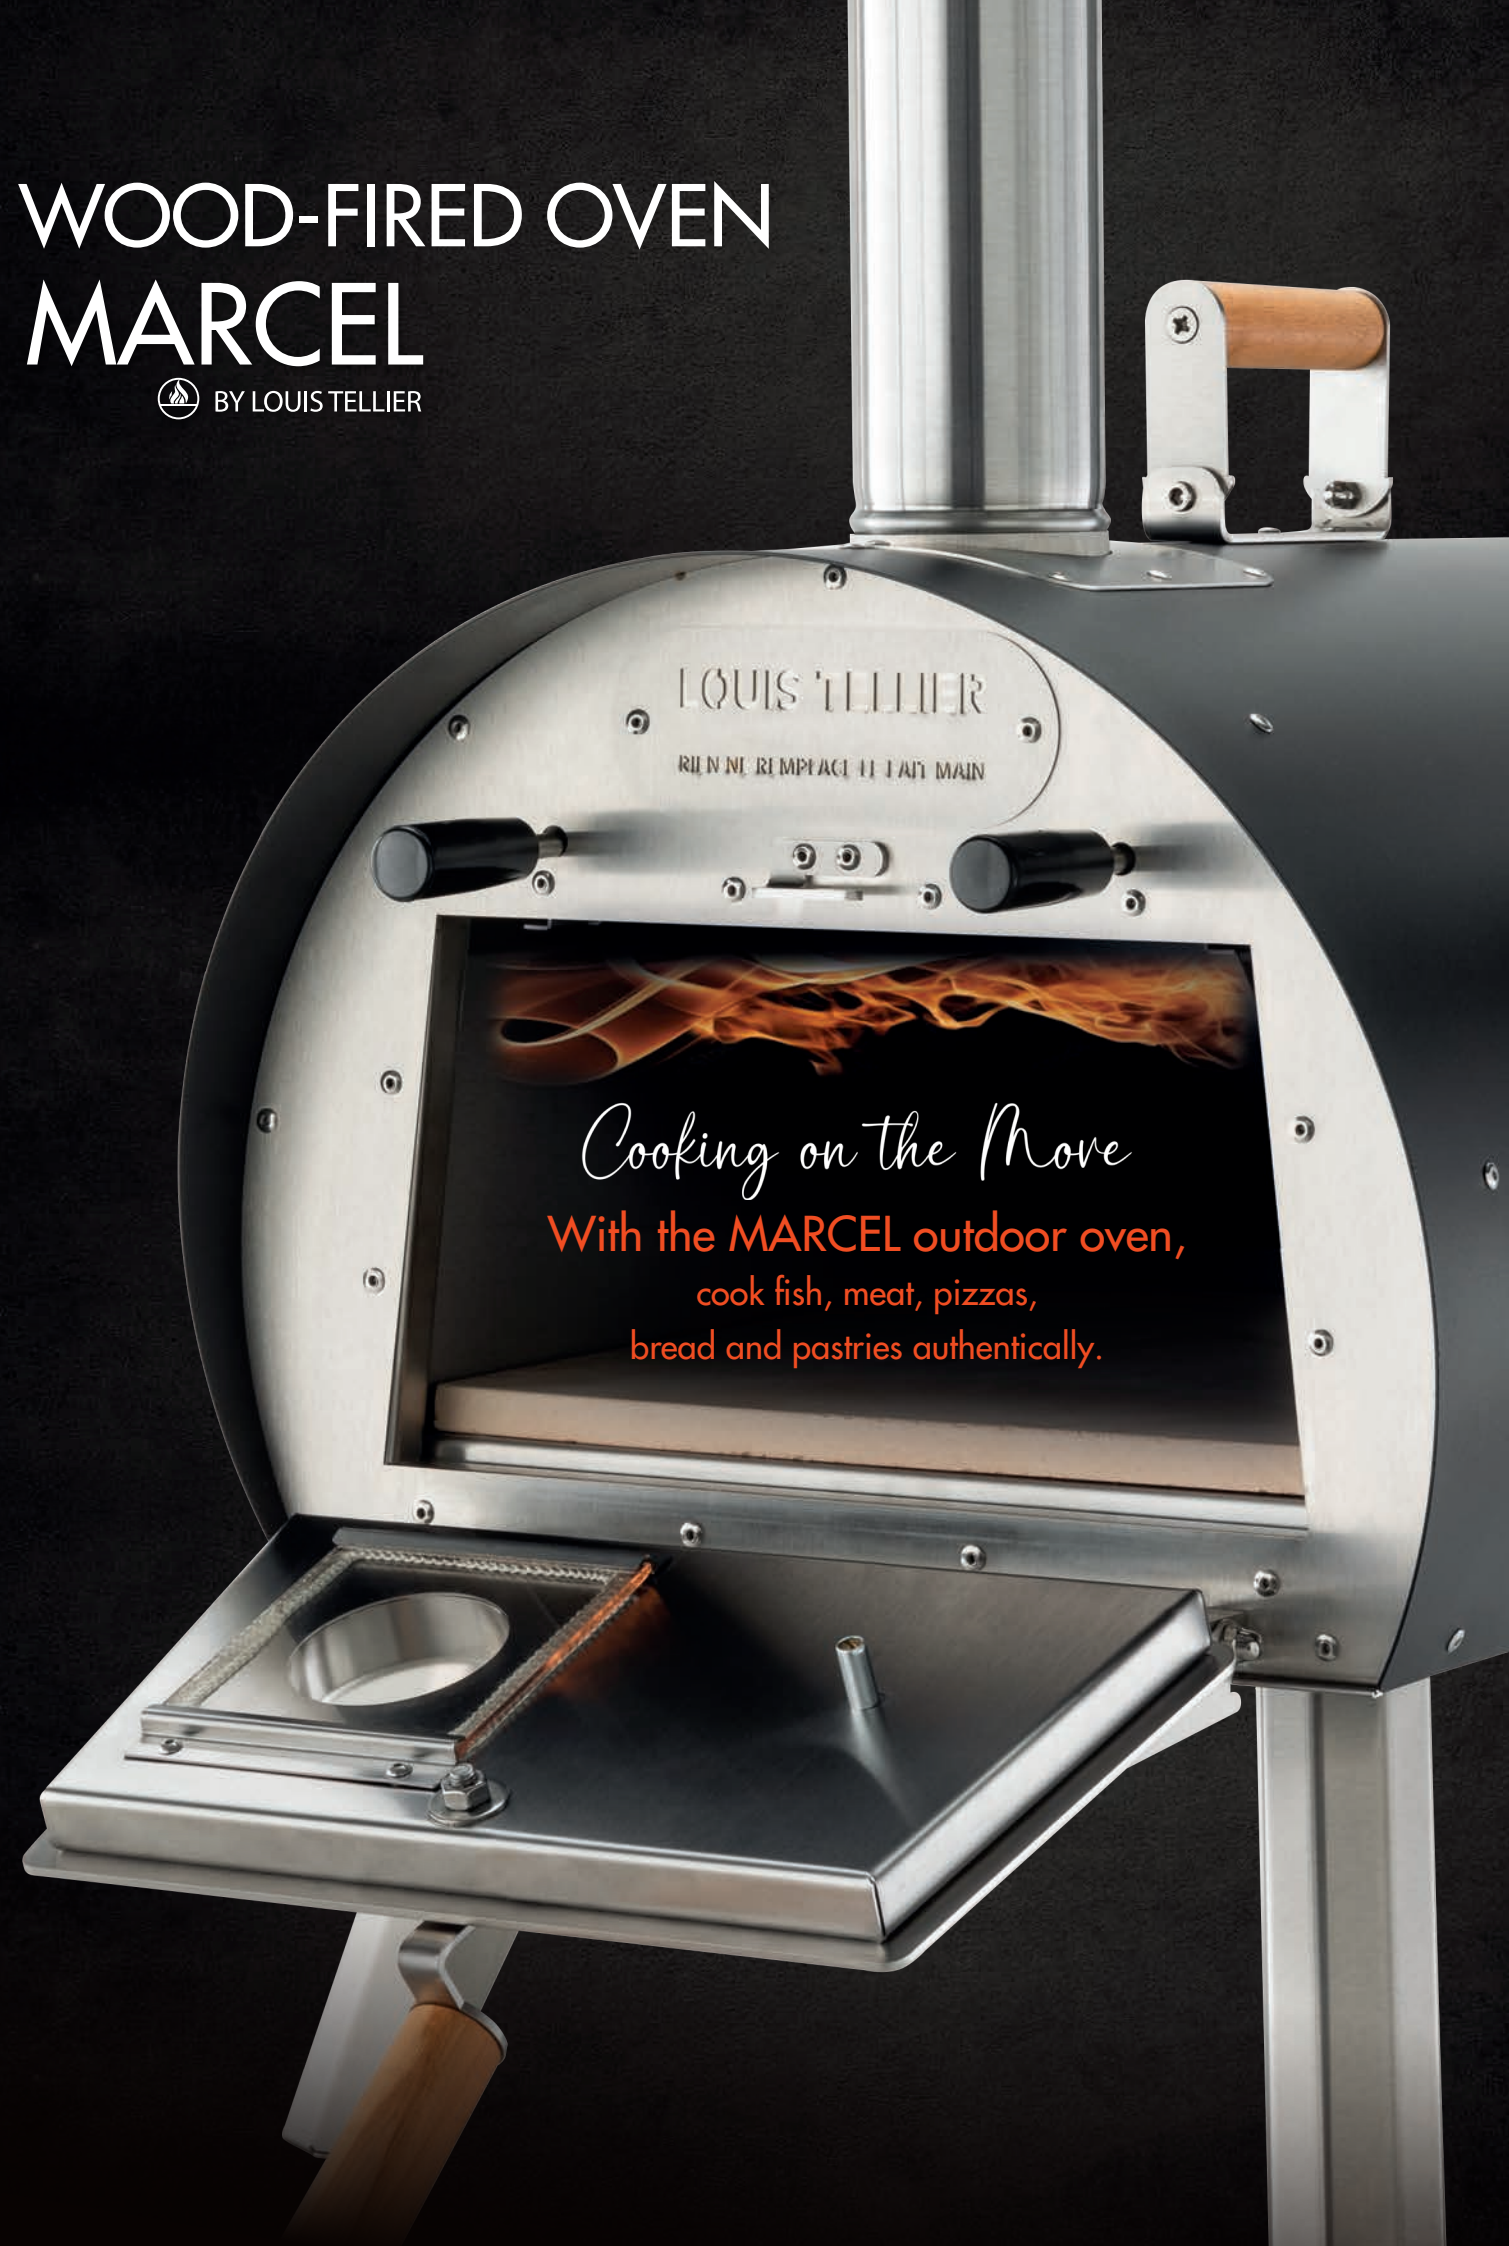

“ The idea behind MARCEL was to recapture the spirit of the bread ovens of yesteryear. It is easy to use and transport thanks to its rear burner (wood logs or pellets) and its flam blocking valve system allowing every type of cooking. ”

MARCEL  
BY LOUISTELLIER

Marcel is the latest product by Louis Tellier, French manufacturer of cooking utensils since 1947. It capitalises on know-how that has been tried and tested in the great kitchens of the world.

## VERSATILE OVEN

### Closed valve:

Flame blocked in the upper chamber of the oven. Inertia cooking: standard cooking (150 to 250°C / 302 - 392°F) (e.g.: bread, meat, fish, vegetables, stews, pastries).

### Open valve:

Flash-back peaking at the top of the fireplace, for fast and high-temperature cooking (450 to 500°C / 842 - 932°F) (e.g.: pizzas, grills).

“Marcel is the only oven in its range that can handle every type of cooking: **FLAME BLOCKING VALVE SYSTEM PATENT.**”

## PROFESSIONNAL QUALITY

- Stainless Steel
- Ceramic fibre internal insulation.
- Professional thermometer on the front for optimal temperature control.
- Small window on the front to monitor the cooking process.

## THE TASTE OF WOOD FIRE
